

WINDALIER

LOA: 58'

Class/Type: Custom Yawl

Builder:

Abeking & Rasmussen

Designer:

Sparkman & Stevens

Launch Date: 1962

Skipper: Thad Bench

WINDALIER is a classic yawl, a Sparkman & Stevens Design #1615 built by Abeking & Rasmussen of Germany. She is framed in white oak, double planked with mahogany over cedar and uses silicon bronze screws and bronze diagonals for fasteners, with extensive bronze diagonals and fabrications in the way of centerboard trunks, floors, engine bed and mast step. The 64,000-pound full keel draws 5 feet 10 inches and has bronze fore and aft centerboards. The main board lowers to 11 feet.
